## **County Born Eligibility Rules**

- 1) Goats must have been produced by a Warren County goat producer. The doe must be owned by the producer and the project must be kidded in Warren County. With the exception of breeding season, does must be housed in Warren County year round. Does kidding or permanently residing in other counties or states, even if they are owned by a Warren County goat producer, are not eligible for the county born class.
- 2) The acceptable method for identifying county born market goats (both wethers and does) is with a farm's Scrapie identification tag. The Scrapie tag's farm identification number and individual number must be included on the registration form. Scrapie identification tags are required for all county born market goats.
- 4) The breeder must sign this form stating all information provided is true.
- 5) Warren County Fair personnel reserve the right to inspect does and kids to verify location, ownership and existence.
